Oldham, Greater Manchester, United Kingdom — 10th August 2026:

One Dimensional Creatures are buzzing to announce the upcoming release of their new single, **Stuck in 1984**, on major streaming and download platforms on Friday 14th August 2026. It is their first single from their, yet to be named, second album.

Stuck in 1984 is a tense, distorted blast of alt-punk and post-punk dissonance, channelling the inequality of modern Britain through an Orwellian lens. Driven by saturated guitars, beastly bass, pounding rhythms and urgent vocals, the track confronts media narratives, class politics, and manufactured fear with raw energy and grit. It's loud, sharp and defiant, a protest song for the present day.

Lead singer and guitarist, Ste Wilson, says:

"This is a huge sounding track of ripping guitars and guttural bass that shows how the media and politicians turn the world on its head to further their agendas."

The single contains both the explicit version of the track and the radio edit. One Dimensional Creatures will be performing **Stuck in 1984** at all upcoming gigs. Fans can catch the band next at **Grand Central in Manchester on 18th August 2026**.
