Oldham, Greater Manchester, United Kingdom – 05th September 2025: Oldham's own sonic agitators, One Dimensional Creatures, are set to unleash their blistering 14-track debut album, Tolerance Paradox on the 7th November 2025 with pre-orders starting on 5th September 2025. A searing fusion of **alternative punk rock**, **post-punk**, and **stoner grunge**. The album is a raw, unflinching critique of the neoliberal machine — confronting themes of **wrongful wars**, **addiction**, **inequality**, **immigration**, and the hollow promises of late-stage capitalism. Distorted fuzzed-up guitars let rip over booming basslines that contrast the melodic vocals, angry background shouts give a feel of a street protest. The album is loud, raw and unapologetically alive.

Tolerance Paradox will be available on:

- Numbered Limited Run Heavyweight Red Vinyl LP - £25 (200 only)
- Numbered Limited Run CD - £10 (50 only)
- Digital Download - £8
- All Major Streaming Platforms

Lead singer and guitarist, Ste Wilson, says *"We've been crafting these tracks over the past few years, fuelled by the political hellscape we're all stuck in — one that keeps getting dressed up but never truly changes. Tolerance Paradox is our way of pushing back, of adding our voice to the fight for real equality and justice, it's our refusal to stay quiet while everything burns"*.

The band will be playing the whole album live at soon to be announced launch events in central Manchester and Oldham as well as at future events.
